

Equal Opportunities Policy

Totnes European School fully supports the principles of equal opportunities and is committed to satisfying these principles in all its activities. No discriminatory barriers will be placed in the way, for whatever reason, of any person wishing to undertake awards or any other form of training or in-house awards offered by SELSACS.

The school will ensure that no person is discriminated against by virtue of their sex, sexual orientation, race, ethnic origin, marital status, religious belief or justifiable factor within constraints of available and current legislation.
